

KIWANIS PLAY TO BE STAGED HERE TONIGHT

Entire Proceeds Will Go Toward City's Relief Fund

They may be down, but they're never out, the two veterans of the prize ring who move into the New York home of a young millionaire and save his fortune from the designs of a crook in "Is Zat So," the comedy to be staged in the high school auditorium tonight at 8:15 o'clock by the Redwood City Kiwanis Club.

Sam Winklebleck as Chuck Cowan, the lightweight champion, and Edward T. Harrison as Hap Hurley, his resourceful manager, enter the play as a pair of "bums," and it is a difficult and funny path they follow before they emerge as heroes.

Winklebleck and Harrison are supported by a large cast of amateur performers in this year's Kiwanis production, the entire proceeds of which will be turned over to the Redwood City Community Cupboard fund.

One of the outstanding members of the cast, in the estimation of Director Claude van Patten, is Jimmy Hobson, 7-year-old youth who takes the part of Master James Parker.

Others taking part are Christy Allen, James D. Hodge, Desiree Haydenfeldt, Genevieve Cunningham, Enid Mays, Cleo Flisinger, Carl Wagner, Duncan Reynard, Willis Ayers, Anne Isaksen, John Layng, Amerigo Rossi, Roscoe Stevens and Herman Phillips.

Reserved seats are on sale at Ryan's drug store and will be available at the box office tonight for 50 and 75 cents each.

MAINTAIN GOOD GOVERNMENT BY RE-ELECTING WEEDEN AND HART

D. E. O'Keefe, well known for his capabilities as chairman, has done much toward making the first two public mass meetings a genial affair for all in attendance and can be counted upon to add zest to the program scheduled next Monday evening, March 21, at 8 o'clock in the Episcopal Parish Hall.

Since the first public meeting, a very active campaign committee has been functioning according to those "in the know," it is predicted that the two candidates will easily walk off with top honors at the polls.

Two candidates are to be elected, each for the full term of four years. W. H. Weeden, who has served this city since its inception almost from the beginning and under whose leadership as mayor during the past two years the city has made such rapid strides, is a candidate to succeed himself. Edward H. Hart, the popular head of the science department of the Menlo Park School and Junior College, will run to succeed Councilman Blake, whose term expires next month.

So far it is reported that only two other candidates, Thomas Furman and Melike, have announced their intentions of competition for positions on the city council, but it is rumored that others will throw their hats into the political ring as the time draws near. Furman will be remembered as one of Menlo Park's police officers having served as chief of police under the former administration.

The Furman-Melike combine, however, doesn't seem to be making much of a dent in the solid rank and file supporting the local favorites.

The campaign committees both for Weeden and Hart report that the enthusiastic manner in which the voters from all sections of the city are rallying to the support of the endorsed candidates is most gratifying. The campaign managers are already predicting that the favored candidates will poll the largest vote yet recorded at any previous city election.

The meeting Monday night promises to be an entertaining as well as a lively affair, and the committee on arrangements reports that it is ready to take care of a capacity crowd.

I. G. A. STORE REAL ADDITION TO REDWOOD

Redwood City shoppers were introduced last week to the new I. G. A. (Independent Grocers' Alliance) Store operated under the management of L. H. Hill, for 11 years a leading merchant at Taft, California. The I. G. A. system offers the public all the advantages of the independent grocery plus the economies of chain store buying and selling. The new store occupies the site of the former Stafford and Long Groceries.

Mr. Hill, the managing proprietor, is a member of Kiwanis, Elks, Moose, American Legion and Veterans of Foreign Wars.

Amended Petition In Utility Case Filed

Thomas H. Pope and other interested electors of Salada Beach today have on file in Redwood City an amended petition for a writ of mandate seeking to compel the board of supervisors to call an election for formation of the Salada-Brighton Beach Public Utility District.

The board refused to call the election on January 18 on the ground that not more than one utility giving the same service can be located in the same area.

FREEHOLDERS NOMINATION PAPERS OUT

Signatures Are Now Being Secured For Candidates

Nomination papers for the candidates seeking election to the board of freeholders May 3, to prepare a new charter for San Mateo county, are now being circulated.

The San Mateo County Charter Committee is assisting 25 candidates in securing signatures of voters, as each candidate must have approximately 1200 signatures on his nomination petition. Fifteen freeholders are to be elected. Attention of citizens was called today to the following facts:

No citizen may sign more than 15 nominations.

The nomination blanks have nothing to do with annexation, or the proposed county charter, except that they help a candidate for freeholder to qualify for that office. The 15 successful freeholders elected May 3 will prepare the charter, which in turn will be submitted to the people at another election.

The 25 candidates named by the county general charter committee include Mark Ryan, Henry Witte and Sam Winklebleck of Redwood City.

Announcement of the 25 was not an endorsement of the candidates, but an assurance to the charter movement that a sufficient number of citizens will be qualified for the office of freeholder in time for the election.

Candidates must file their nomination petitions not later than March 29.

William H. Eddy, Burlingame resident, member of the Burlingame Elementary School District, and interested in government movements for 18 years, announced himself as a candidate for freeholder at the election to be held May 3.

Eddy is the 26th candidate in the field, 25 citizens having been named from over the county by the San Mateo County Charter Committee to make the race.

FILTRATION PLANT FINANCING SOUGHT

The railroad commission has received an application from Hillsborough Water Company, operating in the town of Hillsborough, asking authority to issue and sell \$15,000 of first mortgage bonds to be sold at not less than 90 per cent of their par value. The proceeds are to be used in paying for the installation of a filtration system recently ordered by the railroad commission. The application also asks that the company be authorized to assume an indebtedness of \$3000 on property purchased for the filtration plant site and for rights of way.

H. W. Hewitt, chairman of the roads committee of the federation, said good progress is being made by the Peninsula Grade Crossing Conference in its efforts to speed elimination of dangerous railroad crossings.

Attorney Heim Goldman gave an outline of the progress in the charter movement.

The next general meeting of the federation will be held under the auspices of the Ravenswood Chamber of Commerce on April 20, at which time election of officers to serve the organization will be held.

LEGION PLANS DRIVE TO AD EMPLOYMENT

House-To-House Visits Start Monday In Redwood City

The American Legion and Auxiliary - 175 members strong - swung into the campaign today to create employment for residents of Redwood City and vicinity.

At a meeting in the Mezes Plaza hall Wednesday, presided over by Emmett Donnelly, chairman, it was decided to canvass the entire city and district for jobs, whether for an hour's duration or permanent. The city will be "mapped," and a Legion member or auxiliary member will be assigned to one or several blocks in an effort to ferret out every possible hour's work.

The job seekers will go from house to house, contacting those in a position to give employment and at the same time getting information on those who need employment. The house-to-house campaign will open Monday.

All of this information will be turned over to Mayor Daniel R. Stafford's unemployment office, which will have charge of assigning jobs found by the Legionnaires. Charles Frey was named by Chairman Donnelly to be secretary of the Legion's unemployment committee.

A call to the citizens to list jobs about their homes so that they will be able to report to the Legion members when they call was issued by Mayor Stafford and Chairman Donnelly of the two unemployment committees.

FEDERATION HEARS PLANNING ADVISOR IN BAYSHORE TALK

In a talk before the San Mateo County Federation of Improvement Clubs at Bayshore, Hugh Pomeroy, advisor to the San Mateo County Planning Commission, Wednesday declared that cities which grew up without proper planning are spending millions of dollars for their lack of foresight.

Pomeroy, after being introduced by T. Louis Chess, president of the federation, outlined the work of the planning commission and what it is attempting to do and avoid in San Mateo county.

H. W. Hewitt, chairman of the roads committee of the federation, said good progress is being made by the Peninsula Grade Crossing Conference in its efforts to speed elimination of dangerous railroad crossings.

Attorney Heim Goldman gave an outline of the progress in the charter movement.

Geo. Larrouy Makes Debut in Law Circles

Attorney George P. Larrouy, recently admitted to the bar, tried his first case in the superior court yesterday when he appeared in Judge Swart's court in the case entitled H. E. Warner against D. G. Schiel for an order to show cause why a temporary injunction should not be granted.

The young disciple of Blackstone demonstrated by his demeanor, his poise and the manner in which he presented his case that he is made of that stuff from which great lawyers are fashioned. The friends who heard him on this occasion bespeak a brilliant career in the noble profession for the young man.

City Library History Goes Back To '89

Forty-three years of history are back of the Redwood City Public Library, for which the people will be asked to vote \$60,000 on April 11 to provide a new building, equipment and books.

On January 15, 1889, 11 public-spirited citizens met at the town hall and affected the organization of a library association for Redwood City. In the group were Robert Brown, B. A. Rankin, Dr. J. L. Ross, the Rev. L. D. Rathbone, C. L. Fisher, John Chris, Mrs. S. M. Saunders, Mrs. Sarah T. Fox, J. E. Van Court, W. O. Dodge and B. E. Armstrong.

INTEREST REVIVES IN FLOOD CONTEST

Arrival Of Widow Is Cause; Lawyers Are Non-Committal

Arrival of Mrs. James L. Flood from New York revived reports of a possible settlement between her and Mrs. Constance May Gavin over the latter's claim that she is an illegitimate daughter of the late James L. Flood of Menlo Park this week.

Word of Mrs. Flood's arrival was confirmed by Garret W. McEnaney, attorney for the Flood interests, but he refused to discuss the possibility of a settlement.

"Mrs. Flood is here," he said. "That's all I've got to say."

Lawyers representing Mrs. Constance May Gavin, who is seeking through an appeal a two-ninths share of the millionaire's estate on the grounds that she is Flood's illegitimate daughter, declared that they "were not interested in any settlement."

They are Maxwell McNutt and Joseph L. Taaffe of San Francisco, and Albert Mansfield of Redwood City.

The famous Flood trial, held in Redwood City last July and August, was terminated in favor of the Flood interests when Superior Judge George H. Buck directed the verdict.

An appeal was recently started, in which a 1000-word transcript was filed with the state supreme court. Concerning the settlement, Attorney McNutt said: "Our case is up for appeal; that is all we are interested in. I did not even know that Mrs. Flood is here."

Work to Exceed Half Million Dollars On Peninsula

Approval of Maj. General Lytle Brown, chief of army engineers, to improvements in San Francisco bay to cost \$560,000, was yesterday out of Washington, D. C., yesterday.

Annual maintenance on the work will cost \$30,000.

The project calls for construction of a 27-foot channel, 500 feet wide, through San Bruno shoal, and 300 feet wide between Dumbarton point and the Quadelupe river, with a turning basin 800 feet wide and 1,200 feet long at the lower end.

Local interests will be required to pay half the cost of all work except through San Bruno shoal, and to furnish areas for the disposition of dredge material.

No work will be undertaken until a port district has been created and terminals and highway and railroad connections provided.

FOX EXPLAINS DEPARTURE OF DUCKS FROM VICINITY

By CLAUDE FOX

In compliance with the promise which I previously made to the readers of the Times-Gazette and the duck hunting boys of today I shall endeavor herein to state the reason for the presence of thousands of wild ducks and geese in this vicinity—why they were here and the cause for their leaving. You are well aware of course that I have made the assertion that it was a question of food and nothing else.

We all know that during the past 25 years wonderful changes

have taken place on this peninsula.

The population has greatly increased, the large land holdings have been subdivided and thousands of homes dot the landscape where previously none existed.

The old-timers here are well aware of these changes, and it would seem somewhat superfluous for me to refer to these conditions were it not for the fact that I wish to substantiate my theory regarding the presence here of the wild birds of the marshland in such large numbers 50 years ago, and I shall therefore, for the bene-

fit of the new residents, and the young element, then unborn, and who have since grown into manhood, state the general conditions as they existed when I first took up the delightful occupation of hunting wild ducks.

At that time this country was strictly a farming locality, the raising of wheat and barley being carried on from San Mateo southward to the city limits of Santa Clara and for miles beyond San Jose down into Salinas Valley. To be sure, lumber, shingle and wood from the mountains was quite an industry, but wheat and barley brought in a golden harvest year after year. Fruit raising was in its infancy. The Saratoga blossom festival was not even a dream. Miles upon miles of waving grain fields greeted the vision of those who traveled by horse-drawn ve-

hicles and at harvest time the smoke from the engines of threshing machines could be seen in every direction.

The combined harvester had quite a few years to wait before its appearance in this vicinity and under the somewhat crude methods of threshing at that time as compared to modern methods, a considerable percentage of the grain was left on the ground, but every season the large ranches were reaped to leave a good crop for the ensuing year.

The result of this continued planting of cereals was that the wild ducks and geese had a veritable picnic, a barbacue, so to speak, which was handed to them each succeeding year. They invaded the grain fields at night time by countless thousands, principally widgeon and some of the most enjoyable shooting I ever had was in the grain fields south of Redwood City on moonlight nights, principally on the Sweeney, Flood, Nash, Cornduff, Cavanaugh, Cooley and O'Keefe ranches. I have seen a crop of young barley three to four inches high in a 20-acre field on the Sweeney farm nipped off as though a lawn mower had passed over it, by the voracious appetites of thousands of widgeon that invaded it nightly. Such conditions could be found in other ranches.

It has been said that the settling up of any locality, together with the increase in population drives wild game away from their favorite haunts. There is much merit in such an assertion and I shall not attempt to dispute it, but the fact remains that the wild ducks and geese gave us the bye-bye long before these large tracts of farming lands were subdivided and previous to any perceptible

increase in our population here.

The time came when the farmers of the peninsula who had been sowing grain each year could not compete with the great grain producing areas of the middle western states, and soon the smoke from the engines of the threshing machines was seen no more. Everything was left to go to volunteer for hay, for which a good price was obtained.

Then it was and not until then that our wild birds sought pastures new, and went away to localities where they could secure necessary food to sustain life. The widgeon were the first to absent themselves, and later on the little green winged teal. Today we see the result.

That foods is the great essential there can be no question. In former years there were also thousands of canvasback and bluebirds in the bay and marshes, and when I write again the readers of these articles will be told why these

Wilson St. Shed Is Damaged By Blaze

Slight damage to a shed in the rear of a residence at 20 Wilson street, owned by Judge George H. Buck, resulted from a fire of unknown origin which was discovered Sunday night at 10:10 o'clock. The Redwood City Fire Department extinguished the blaze before it could reach the main building.

An adjoining residence at 22 Wilson street was recently gutted by fire and is unoccupied.

Statistics of the 1930 farm census, recently released by the Department of Commerce, show that Iowa outranks every other state in the number of telephones on farms.

Happy Hunting Grounds

THE Indians had a mythical land of plenty. They called it the Happy Hunting Grounds. There maize grew in rank profusion and countless herds of buffalo grazed in the sweet meadows. The warriors feasted and danced. In friendly rivalry they performed mighty feats of valor. Enjoyment was complete and everlasting. That was before the white man came.

Once this Peninsula was a Happy Hunting Ground — not for the Indians, but for the purveyors of groceries and vegetables and meats. The householders that dwelt here were supposed to be well-to-do. It was generally assumed that they could afford to pay more for their supplies than the resident of San Francisco and other localities around the Bay. So they were charged high prices, and the tradespeople fattened and grew self-satisfied in their land of milk and honey. That was before the Peninsula Stores Ltd. came.

Now all is changed. With the Peninsula Stores Ltd. came a new order of doing business—the finest quality at the most reasonable prices. Every article of food was brought down to its proper level. Today you can shop in the Peninsula Stores as advantageously as in any market in the country. Once again this Peninsula becomes a Happy Hunting Ground — this time for its householders.

HOOVER'S STOCK RISES AS LEADERSHIP IS RECOGNIZED

It is getting to be common talk that "President Hoover is stronger with the country." It is inevitable that this should be so. The practice of abusing Mr. Hoover is going out of style; and now, in retrospect, as the voters survey the circumstances of the last few years, they are beginning to see that their criticism of Mr. Hoover because he refused to yield to pessimistic talk was misplaced; that the president of the United States could not have uttered a discouraging word in the last two or three years that would not have made a bad situation infinitely worse. They are coming to realize, despite loose clamors for a "new leadership," that none has functioned except that of Herbert Hoover. They have seen the house of representatives captured by the Democratic party, and that party unable to do better in its legislation than to follow the wise and carefully considered recommendations emanating from the White House.

We would not minimize the credit due Speaker Garner and his followers for patriotically co-operating to enact the great fiscal measures which are going through the legislative mill, nevertheless it should not be forgotten that national conditions had grown so serious the Democratic party dared not continue in the house program of abuse and obstruction by means of which their less foresighted colleagues in the senate had sought for three years to weaken the influence and dim the prestige of the president.

For a long time this program, aided and abetted by the unscrupulous press-agenting of the Democratic national committee, proved successful. Hoover was declared a failure, and it was touted that the country wanted a change. The political Gettysburg had not come. Then came that series of helpful fiscal measures, beginning with the debt moratorium, including the Reconstruction Finance Corporation and, nearing its climax, with the bill broadening the credit base of the Federal Reserve banks, which finally has stimulated a moribund stock market to new life and hope even before it had been enacted. It may be said that circumstances forced nonpartisan action by both branches of congress, but even they could not have done so had not the legislators and the country come to believe that the guiding hand was one that could and should be followed.

School Officials To Have No Opposition

Kellogg as trustee of the Sequoia Union High School District. The election will be held on March 25. Terms of office are for three years.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "Then said Jesus to those Jews which believed on him, If ye continue in my word, then are ye my disciples indeed; And ye shall know the truth, and the truth shall make you free. They answered him, We be Abraham's seed, and were never in bondage to any man: How sayest thou, Ye shall be made free? Jesus answered them, Verily, verily, I say unto you, Whosoever committeth sin is the servant of sin. And the servant abideth not in the house for ever; but the Son abideth ever. If the Son therefore shall make you free, ye shall be free indeed." (John 8:31-36).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Explaining the origin of material man and mortal mind, Jesus said: 'Why do ye not understand my speech? Even because ye cannot hear my word. Ye are of your father, the devil (evil), and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: For he is a liar, and the father of it.'" (p. 292).

safer for children

Easiest terms ever—as low as \$4.85 down and \$3.85 a month

Let the children wash themselves. They like to—especially when there is plenty of hot water at the turn of a faucet. Then, too, Automatic Hot Water is safer.

You can buy an Automatic Gas Water Heater for 50% less than you could in 1917. Yet the new, improved automatics are colorful and better built. And the terms? They are as low as \$4.85 down and \$3.85 a month, with a liberal trade-in allowance for your old non-automatic water heater or water-back. Never before have such easy terms been offered on Automatic Gas Water Heaters of this quality.

Besides, an Automatic is economical. It heats water for the lowest cost per gallon of any method of heating water in the home. Moreover, Natural Gas has cut the operating cost about 40%.

Put yourself down for an Automatic and have hot water any time of the day or night. Just turn the faucet for a tubful for bathing or a basinful for shaving.

Plenty of Automatic Hot Water dissolves dirt from 2 to 20 times faster. That saves your energy

with the clothes and dishes. It also saves time. Studies have been made which show instant hot water saves from 4 to 6 hours each week.

Architects and builders are specifying Automatics for all modern homes. The small home can now enjoy the same excellent hot water service found in fine hotels and apartments.

When you select an Automatic Gas Water Heater, you are not buying a luxury but making an investment in one of the most important necessities for healthful, happy home life.

Menlo Park

The Pacific Coast Military Academy of this place closed on Wednesday for the Easter vacation. Major Park, the superintendent, left yesterday for his old home in Texas to spend his vacation. The school is to resume studies on March 28.

The Menlo Park Improvement League was organized in the Denatallie hall, Santa Cruz avenue last Friday evening. Dr. A. E. Blake was elected president, Clark L. Bouton, vice-president and Miss Agnes Bracco, secretary. About twenty-five members were present. The league is sponsoring the election of Thomas Furman and Albert J. Mielke for councilmen.

The musical comedy "Bits of Blarney," presented in St. James Hall, Guerrero street, San Francisco, Wednesday evening in honor of St. Patrick, was attended by an audience of 500. Edward O'Keefe of Menlo Park took part in the program. The rehearsals and performance were directed by D. E. Sullivan, the widely known dramatist and attorney of Menlo Park. The entertainment was for the benefit of St. James' parish.

Jimmie Hyde, formerly a professor at Stanford and well known here, is a candidate for mayor of Los Angeles. He is now member of the city council. Some years ago he sought the senatorial toga but did not qualify at the primary election. Many years ago Jimmie was an aspirant for the appointment of postmaster of Stanford but failed to secure the coveted appointment.

Mrs. Robert Vontempsky and her two sons are here from Maui, Hawaiian Islands, on a visit to the former's uncle, J. H. Raymond. The visitors are shortly to tour Europe, returning here before sailing for the islands.

The Menlo Park Fire Commissioners have accepted the resignation of Captain Frederick E. Whitaker, chief of the department for the past thirteen years and formerly connected with the San Francisco fire department, for over twenty-five years. Whitaker retires owing to illness. He leaves a splendid record as chief. Lieutenant Thomas Cuff, a member of the Berkeley fire department for the past eleven years, has been loaned to the local organization for one year and his task will be to reorganize the department with a view of reducing insurance rates. Cuff was chosen out of a field of eight candidates for the post. He assumed his duties on March 15. He will move his family to Menlo Park. Lieutenant Cuff is well known in fire fighting circles of the bay section, having served as secretary of the Alameda County Association of Firemen since its organization several years ago.

In the Berkeley department he served as chief's operator for four years and has been a lieutenant for three years. As a boy he joined a volunteer fire department at Watertown, New York, where he was born, and since that time has been identified with fire fighting activities in various parts of the country. His first full-time job 18 years ago was in Regina, Saskatchewan, later serving for two years at Highland Park, Michigan. During the war he was attached to the government's fire fighting forces in Panama, also holding the post of chief's operator, and later held a similar post at the Presidio in San Francisco.

More than \$50 was cleared by the So-So Club, made up of girls attending St. Joseph's Parochial School in Menlo Park, at the benefit card party given yesterday afternoon at the home of the club's sponsor, Mrs. Peter Bush. The money will go to the Mothers' Club of the school, part of it paying for 12 card tables which the girls recently gave to the mothers' organization.

Much interest was shown in the

display of handwork done by the girls. It included pillow slips, table cloths, napkins, dollies and other hand-made articles. Father Thomas J. Kennedy, who was a guest at the party, was presented with a dozen dish towels. High score was made by Mrs. Martin Rosenberg.

Mrs. W. J. Ryan of Menlo Park is teaching the eighth grade at St. Joseph's Parochial School during the absence of Mother Foley, principal of the school. The latter is convalescing from the effects of a recent fall.

Mrs. John B. Glunz was hostess at luncheon last Friday at her home on Valparaiso avenue, Menlo Park, to members of the Mt. Vernon Sewing Club of San Francisco. This club has met on the second and fourth Friday of each month for 19 years.

Those present were Mrs. C. Gilcrest, Mrs. W. H. Hendry, Mrs. Robert Miller, Mrs. Charles Larsen, Mrs. J. E. Jones, Mrs. Horace Mercer and Miss Mary Classen.

Doctor Gerlough, the local physician, has moved into his palatial home on Dana street, Crescent Park, Palo Alto. The doctor enjoys a lucrative practice in Menlo Park.

Mrs. James L. Flood has arrived from New York where she spent the winter. She is stopping at the Mark Hopkins, San Francisco, but will soon occupy her Menlo Park home, Linden Towers. Mrs. Flood loves California and is glad to get away from the rigors of the eastern climate. She thinks there is no place like the peninsula, where she enjoys a host of friends and admirers. Her son, James Flood, will graduate with honors from Harvard next June. It is said he will then marry an eastern belle and settle down in California, taking charge of the vast Flood estate. Young Flood is a sterling and typical American with plenty of ability and a strong character which augurs well for a successful career.

After several months of awaiting settled weather, C. W. Wood, contractor of Stockton, has resumed operations in Paraiso Park to complete street work and his contract with this city. The improvement includes Crane street, University drive, Johnson street, Arbor road, Rose and Millie streets.

Andy Weesner, superintendent for contractor Wood, is back in charge of the work again. Early in the week Wood and Weesner accompanied Engineer Mehl on a detailed inspection of the existing work. The city engineer stated that apart from conditions existing and apparent at the time of shutting down the work, the surfacing

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just dumps in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Name a substitute. Size of all stores. © 1932, C. M. Co.

has suffered no harm although laid for the most part during very unfavorable weather in December. When asked for an expression regarding protests against the work, Wood stated:

"Had I chosen to do so I would have been entirely within my rights to have left the job as soon as the rains commenced, as at that time soft spots were beginning to interfere, but for the benefit of the residents and in order not to leave the streets in an impassable condition it was decided to proceed with the surfacing, and that was done as far as was practical."

Mr. Wood is one of the leading contractors in the state and president of the Associated General Contractors, Northern California and Nevada chapter.
